SwedenBIO CEO Summit 2008

Thursday, December 4th, 2008, 15.30 – 21.00
Hilton Slussen, Stockholm

From innovation to market success – How new innovations can be the solution to a smarter healthcare and new jobs!

Sweden is a world leader in Life Science innovation. Can the healthcare system be a catalyst to improve the competitiveness of Sweden when it comes to biotech, pharmaceuticals and medtech? Welcome to SwedenBIO CEO Summit 2008. This will be an evening where industry executives share perspectives with scientific and political leaders in short and interesting presentations!

SwedenBIO med sina närmare 180 medlemmar är idag en av Europas största intresseorganisationer inom Life Science och en samlande röst för Life Science i Sverige.
